

## **If Purim Happened Today**

### **Narrator**

Many years ago back in Persia of old  
a tale of plotting and miracles did unfold  
But how would the story be reported and seen  
If it happened today, in the year 2017

President Achashverosh made a dinner for the state  
For a hundred and eighty days - they drank and they ate  
Not a person went to work for a full half a year  
The economy was plotzing – but the king didn't care

But that all changed, when the internet went down  
and the King came in holding his phone with a frown  
The WIFI is broken, he screamed and turned red  
and to make matters worse my battery is dead

### **Press Secretary**

When the dinner had started, everything seemed fine  
We had kosher meat and of course kosher wine  
That the WIFI didn't work is really a shame  
Some people say that the presidents tweeting is to blame

### **Vladmir Putin**

If you want my advice, I will share it with you  
Your travel ban applies to your own wife it's true  
That she doesn't have a visa is your fault of course  
The only choice you have is to get a divorce

### **Narrator 2**

Secretary-General of the UN, just read on twitter  
That Vashti, the loser was now angry and bitter

### **Secretary-General of the UN**

I am shocked at the king, now doesn't he see  
Because of what he did, we have yet another refugee  
He should have known that the way to avoid fights  
Is to come the UN council of Human Rights

## **If Purim Happened Today**

### **Donald Trump**

I am smart, I am rich, I always win and you lose  
The country voted and it was me they did choose  
I will rebuild this country and starting today  
And you guessed it right – the Mexicans will pay

### **Bill Clinton**

I have experience in these matters, here is what I know  
What they need in the white house is a new CEO  
It's about time a woman this country should run  
While I would choose Hillary – I think Esther's the one!

### **Ivanka**

So Esther is the winner and leads the Executive team  
You know becoming the queen was always my dream  
But instead of running for president – I chose another  
Yes – you guessed it, I am a proud to be a Jewish mother

### **Jonathan pollard**

I am glad to be free and I believe I was right  
To help out Israel in their never ending fight  
I was like Mordechai who spied on the terrorist ring  
And with the information he passed on, he saved the king

### **Hillary**

I am not the president, because of the Russian connection  
You know I had more votes, I should have won the election  
He is plotting and scheming to destroy the Jews  
Trust me when I tell you – this is NOT fake news!

### **Haman**

I'm Haman the villain who tried to kill all the Jews  
With all my oil and money I do as I choose  
But now we have a new way to go to the press  
With boycotts and protests – we call BDS

## **If Purim Happened Today**

### **Bernie Sanders -**

Haman be nice – you are not acting fair  
If I was in charge – you would have to share  
Being rich is not good – it fills you with greed  
Think how many hungry people your money could feed

### **Warren Beatty**

At the Oscars I discovered what it’s like to get the blame  
I opened the wrong envelope and boy what great shame  
I think that Jews have suffered too much of the same fate  
It’s time to get rid of evil Haman and his horrible hate

### **Adam Levine**

My life has not always been easy - since I was a child  
But I chose to work with my music instead of going wild  
My career has been great because I made the right choice  
I support Mordechai the Jew – he should be on “The Voice”

### **Narrator 4**

That night the king could not rest or sleep  
He tried listening to music, he tried counting sheep  
So he sat up in bed and lit his favorite pipe  
And connected with Steven Spielberg on his tablet on Skype

### **Steven Spielberg**

As a producer and director I have seen many a script  
But in this case it seems that the plot has been flipped  
It is thanks to Mordechai, that the King is alive of course  
I think Haman should lead Mordechai the Jew on the horse

### **Aaron Rogers**

We didn’t make it to the Super Bowl, once again, it is true  
But I am happy that the winner today is Mordechai the Jew  
Now the Jews in Shushan had no reason to fear  
Because their coach was the Torah that they hold so dear

## **If Purim Happened Today**

### **Narrator 6**

The Prime minister of Israel has some words of encouragement

### **Bibi Netanyahu**

We've had battles before against men of great might  
And with the help of G-d we won every fight  
We'll destroy this Haman and khomeini his friend  
So that Israel and the world will have real peace in the end

### **Adele**

I have won so many awards it's hard to believe  
With the voice G-d gave me how much I did achieve  
Esther's knew that Hashem would determine her fate  
So she fasted and prayed before that important date

### **Esther**

My dear husband please know there is a man on the loose  
That wants to hang Mordechai the Jew from a noose  
While targeted assassinations may not be totally PC  
I think in this case Haman should hang from a tree

### **Narrator 7**

We now welcome Mordechai the righteous Jew  
Who has an important message, for me and for you

### **Mordechai –**
